

# High Pressure Nozzles (PSR Type)

- ➔ High performance ABHI nozzles provide powerful solid stream spray to effectively clean and wash felt, fabric/wire and suction rolls
- ➔ Versions with tube on the back end that protrudes higher into the shower. This enables better quality water to be drawn into the nozzle and minimizes turbulence.
- ➔ Precision machined to provide tight flow control.
- ➔ Suitable for use with oscillating showers.

## Technical Data:

Equivalent diameter nozzle	Capacity Litter per minute								
	3 Bar	4 Bar	5 Bar	7 Bar	15 Bar	30 Bar	40 Bar	50 Bar	60 Bar
0.36	0.12	0.13	0.15	0.17	0.25	0.37	0.42	0.47	0.51
